MTC's Lessons from Geese:

Geese demonstrate one of the best models of teamwork that exists. MTC has been specifically designed to facilitate the development of the following lessons that we can learn from the story of the Canada Geese:

- 1 They share the Leadership
- 2 They encourage one another
- 3 They communicate constantly
- 4 They share a common direction or goal
- 5 They have a shared community
- 6 They travel on the strength of one another
- 7 They accept help when they need it
- 8 They look for ways to utilise others to make life easier and to support others in the same way
- 9 They stand by one another, helping one another in difficult times, supporting one another to regain their place in the team and community
- 10 They have a recognised lead and each goose has a place in the formation before they take flight.
